

## **Environmental Policy Statement**

Gateway Supply Inc., as a corporate citizen committed to the well being of our common environment, accepts that the company's activities have an effect on said environment through the consumption of resources as a result of its operations.

The company recognizes that environmental protection is the collective responsibility of government, business, communities and individuals. As such, Gateway Supply Inc. is committed to implementing efficient and effective practices in the pursuit of this goal.

Further, Gateway Supply Inc. will consider the implication of its activities on a continuing basis, in order to ensure that company facilities and operations are in compliance with federal, state and local environmental standards as well as international codes of environmentally sound practices.

## **Corporate Commitments**

Gateway Supply Inc. commits to:

- Take responsibility for maintaining compliance with environmental regulations.
- Communicate and advance the use of environmental best practices throughout the company.
- Prevent and/or reduce any negative impact of our operations upon the environment.
- Make environmental concerns an integral part of planning and decision-making.
- Promote resource sustainability by seeking ways to reduce energy and material needs and increasing the reuse and recycling of materials.
- Include environmental criteria when purchasing and when selecting vendors.

This policy applies to all employees, departments and functions throughout Gateway Supply Inc., and the full participation of everyone is necessary and expected in order to meet the commitments stated herein.

Gateway Supply Inc.'s Environmental Policy Statement and Corporate Commitments will be reviewed annually. Environmental questions, related suggestions and/or concerns may be emailed at any time to [gateway@gatewaysupplyinc.com](mailto:gateway@gatewaysupplyinc.com).
